Ancient Greeks - Cyclops

Odysseus and the Cyclops

- The story starts... with Odysseus sailing home from Troy.
- The first sign of danger is when... they meet the Cyclops and get locked in the cave.
- The excitement builds up when... Odysseus blinds the Cyclops.
- A funny part of the story is... when the Cyclops drank wine and then told Odysseus that he loved him.
- Odysseus and the rest of the Greeks outwit Polyphemus by... giving him wine and getting him drunk.

- The climax of the story is when Odysseus and his men escape from the cave down to their ship.
- The story ends on a cliffhanger because... Polyphemus had told his father about Odysseus and asked him to make him suffer for 10 years.

Homework - Alice in Wonderland

This is my picture of the Mad Hatter.

The story of Alice in Wonderland was created on a boat trip on the river Isis in Oxford.
