

Lucy

- Lucy tidied and vacuumed her room without with asking her and she helped gardening today by picking up the leaves. Great job Lucy.

Millie

- This morning she got herself completely ready for school without me having to 'nag' once haha and it was so appreciated!
- Also we're doing lots of pre Christmas sorting out, and Millie very kindly offered to sort and organise all the DVDs from the draws which I was also prepping for painting! Thank you Millie!

Eliza

- Eliza made her daddy a cup of tea so he could have a break from digging, poured me a glass of wine after a long day sorting stuff, she made Jude's bed for him as he would rather not and she picked Woody's coat up off the floor and hung it on the hook - what a lot of kind gestures!

Sophie

- Sophie has been very kind this weekend; she ran me a bath with bath salts (something she enjoys herself after playing football) and she also kept Cooper busy while I made lunch. He in turn helped her with her homework!
