

Louie

- Louie actually did some mopping for me over the weekend. He has never mopped before so it was a huge surprise and very kind. He had to have a lie down after. Really took it out of him 😊😊

Franklyn

- Frank is pretty helpful in the kitchen, after dinner he always offers to clean up and clear the plates.
-
- Pretty darn good at a shoulder massage too after a hard day!

Sarah

- I was so proud of Sarah this weekend. I hadn't even told her about her homework by Saturday evening, but already she had done several things that were really kind: she had tidied her room without being asked, she had gone to the shed to get out both our bikes so that we could go for a ride together, and later on she had made me a cup of tea, giving me a chance to sit by the fire and read a book.
-
- I've told her how pleased I am that she's a kind girl without being reminded.

Jasper

- Jasper helped his brother Lucas with his 3x 3km hockey running challenge. He wanted to come and support Lucas by being his running buddy!

Ollie

- Ollie has completed his maths and mathletics home work.
-
- He's also done kind things to help: he carried my bags for me and made a snack for his brother. He also helped Sam with one of his toys!
