

# Class 3 home learning

Term 3 week 4

# Otto's PP

- Otto prepared a really interesting PP on rivers and how they can transform a landscape through transportation, erosion and deposition.
- He also made a fantastic PP on The Battle of Britain, explaining clearly what it was, the planes that took part and the damage that was caused.

# Harvey has been busy writing about the lighthouse incident.

- Light house incident!
- I slammed the window shut so as not to hear the party. Out of nowhere, the light powered down. I grabbed the lantern and ran up the stairs, skipping a few on the way. I got to the top and grabbed my tool box to try to mend the light. I saw a ship coming so I grabbed the light and ran. I dropped it and it shattered; I ran down the stairs and opened the door. The town had their lanterns lit up. We went up the light house and flashed them so the ship didn't crash and then we had a party.
