

Class 2 – Literacy & Maths

25.2.21

Years 1 & 2 have been identifying problems faced by Mr Wolf in the story of the 3 Little Pigs.

Clara

Problem	solution
<p>could not read recipe. cant write the list. cant count the money NO basket. cant cook. The rude people in his home.</p>	<p>slowly read it. He works hard. counted his money x3 carry it by himself He worked hard. He ate them.</p>

Jude

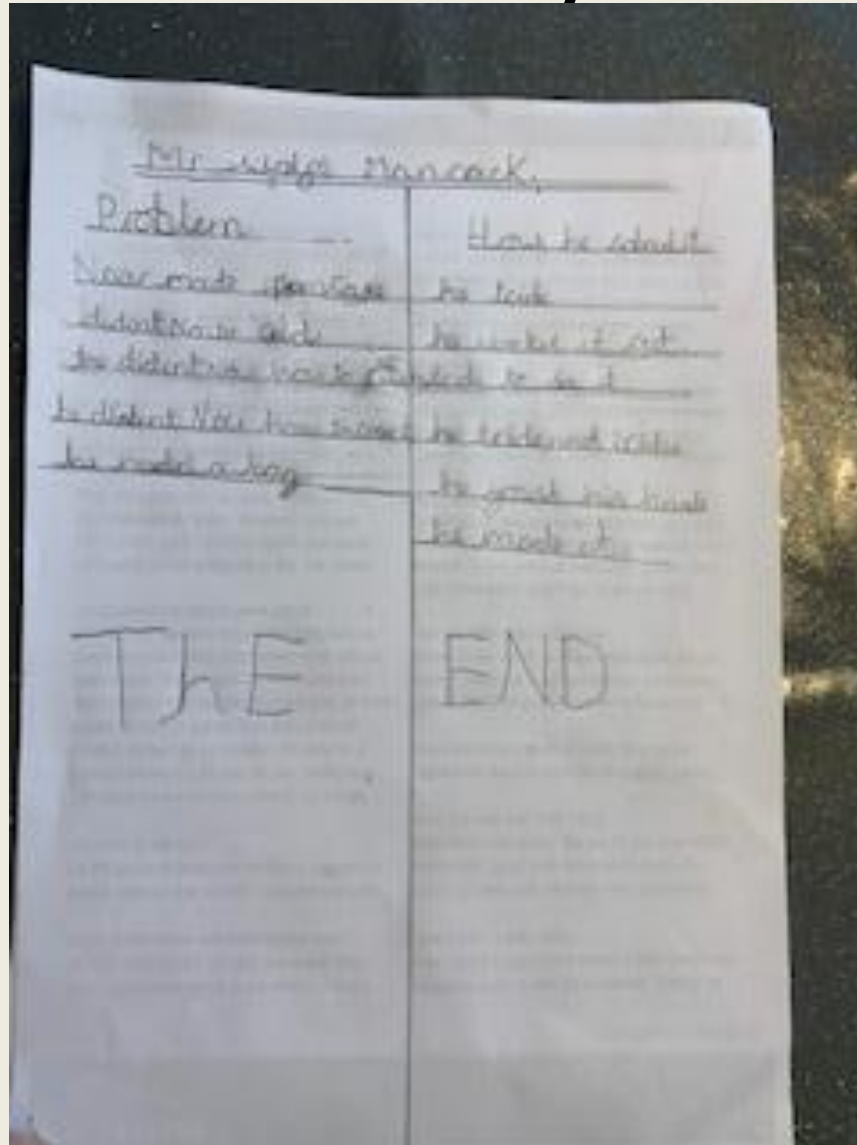

<u>Mr. Wolf's Problems</u>	
<u>Problem.</u>	<u>How he solved it.</u>
Problem 1 Mr. Wolf didn't know how to read.	Solution 1 He tried to read it by himself.
Problem 2 Mr. Wolf didn't know how to write.	Solution 2 He tried to write it by himself.
Problem 3 Mr. Wolf didn't know how to count.	Solution 3 He tried to do it by himself.
Problem 4 Mr. Wolf didn't have a basket.	Solution 4 Mr. Wolf carried it by himself.
Problem 5 Mr. Wolf didn't know how to cook.	Solution 5 He tried to cook on his own.

Ryan

Number	Problem	Solution
1.	Mr WOLF can't read the recipe.	but chicken didn't refused him. so he did it all by himself.
2.	Mr WOLF can't write his shopping list.	So he went to Wee Wily Winkles but he was refused so he did by himself.
3.	Mr WOLF can't count money very well	after gingerbread man refused him he did it by himself.
4.	he has no basket.	but little red riding hood refused to help so he did it by himself.
5.	he can't cook very well.	but the 3 little Pigs refused so he did it by himself.
6.	the nabes want the pancakes	but Mr WOLF gobbled them up and all the pancakes.

Feb 8th Monday

Woody

Year 3 children have written stories
and poems.

Lana's poem.

YOU NEVER LISTEN!

Dont fight dont shout Dont swear
Dont pout.

Eat your greens Eat your food
Dont Be a grump

Stop being in a mood!

mind your manners say please and
thank you Tidy your room.
i do everything for you.

One day there was a boy called Toby, who loved to grow plants. He planted some seeds, but it took all night to grow. In the morning he zoomed downstairs into the garden as quick as a flash. Toby saw the plant; he was amazed at how big it was. It was as high as the clouds! He climbed straight up to the top. At the top there was a cyclops! Toby ran around crazy for 5 hours until he laid down on the clouds and fell asleep. When he woke up there was a DRAGON flying above him! Toby ran and ran until the dragon wanted him to ride on it, so he climbed on the dragon's back and flew over the cyclops and around the plant and back on the clouds. Toby got off of the dragon and climbed down the plant onto the ground. "That was the best day ever!" said Toby.

Toby's story

Evelyn drew a picture to send to her pen-pal.

In Maths, Year 2 have been learning about Statistics.

Jude's work on pictograms

Interpret pictograms Q. 5 and 10

1 Denis, Dexter and Jack play basketball at break time. They record the goals they score in a pictogram.

Score	Goals
Denis	
Dexter	
Jack	

Key: = 2 goals

2) How many goals do they score altogether?

3) How many more goals does Jack score than Dexter?

4) How many more goals could you work out the answer to part 3)?

5 Two classes go on a trip to the zoo together. There are two coaches to take both classes.

Coach 1		Coach 2	
Boys		Girls	
Girls		Boys	

Key: = 10 children

6) Which coach has more girls? Coach 1 / Coach 2. They have the same.

7) How many more girls than boys are there on Coach 2?

8) How many more girls than boys are there on the trip to the zoo?

9) How did you work out the answer to part 8)?

10) Complete the sentences.

Denis scores goals.

Dexter scores goals.

Jack scores goals.

11) Which coach has more girls? Coach 1 / Coach 2. They have the same.

12) How many girls are there in total?

13) How many more girls than boys are there on Coach 2?

14) How many more girls than boys are there on the trip to the zoo?

15) How did you work out the answer to part 14)?

16) Choose a word to complete the sentence.

There are leopards than lions.

There are tigers than cheetahs.

17) I add the number of cheetahs and lions together that it will be equal to the number of tigers.

Is Blake correct? How do you know?

18) Each represents 2 big cats so I can just double the amount of and that will be how many big cats there are.

Is Alex correct? How do you know?

Big Cat	Count
Leopard	
Cheetah	
Lion	
Tiger	

Key: = 2 big cats

Woody's work on Statistics

Year 2 Statistics

Name Woody

- 1 Rosie draws a tally chart for the hair colour of the children in her class.

Hair colour	Tally	Number
Brown		4
Black		4
Blond		2
Other		0

How many children have brown hair?
4 children

Complete the tally for children with blonde hair

How many children are in Rosie's class?
10 children

- 2 The children in class 2 have a competition. They count how many balls go through a hoop in 1 minute. The diagram shows the results.

Who gets the most balls through the hoop?

How many more balls does Kati get through the hoop than Leo?

Leo gets 5 balls through the hoop. Show this information on the block diagram.

- 3 The pictogram shows how much money 4 children have in their money box.

Child	Money
Teddy	4 coins
Jack	3 coins
Eva	2 coins
Dora	8 coins

Each coin represents £5.

How much money does Jack have?

How much more money does Dora have than Eva?

If Teddy spends £5, how much money does he have left?

- 4 The pictogram shows how many eggs some chickens lay each day.

Day	Number of eggs
Monday	4 eggs
Tuesday	5 eggs
Wednesday	2 eggs
Thursday	3 eggs
Friday	4 eggs

Each egg represents 2 eggs.

How many eggs were laid on Wednesday?

On Thursday, the chickens lay 1 egg. On Friday, the chickens lay one more egg than they do on Thursday. Complete the pictogram.

Circle how confident you feel with statistics.

1 2 3 4 5
Not confident Very confident

Well done to everyone who earned a
Mathletics certificate this week!

SILVER: Toby, James

BRONZE: Oliver, Ryan, Riley, James, Lottie, Jack,
Harvey, Kian, Toby, Woody, Jude
