A man is in a boring dark room. There are no windows and the walls are black, grey and gloomy. He decided to open his book about giant, colourful magic sausage dogs. Then the whole room turned multicoloured and bright, and the sausage dogs jumped out of the book! He turned to the next page of the book, and out flew 2 tiny different coloured dragons! One was gold and one was silver. When they flew out, the room got bigger and more furniture appeared!
