12/21 The Battle of Britain World War 2 The Battle

The war became a global conflict after the German military, led by Adolf Hitler, invaded Poland in 1939 because he wanted to take some of his land for Germany. France and Britain declared war on Germany because they didn't think what Germany was doing was right.

World war 2 was mainly started in Europe, but spread throughout the world. Much of the fighting took in Europe and southeast Asia.

The Allies for Britain were Australia, Belgium, Brazil, Canada, China, Czechoslovakia, Denmark, Estonia, France, Greece, India, Latvia, Lithuania, Malta, The Netherlands, New Zealand, Norway, Poland, South Africa, United States, Russia and Yugoslavia.

The Axis were Germany, Italy, Japan, Slovakia (Nov. 1940), Hungary (Nov. 1940), Romania (Nov. 1940) and Bulgaria (March 1941).

World war 2 went on for almost six years! It started in 1939 to 1945. Britain fought it had ever experienced. Fifty million people lost their lives and hundreds of million people were injured.

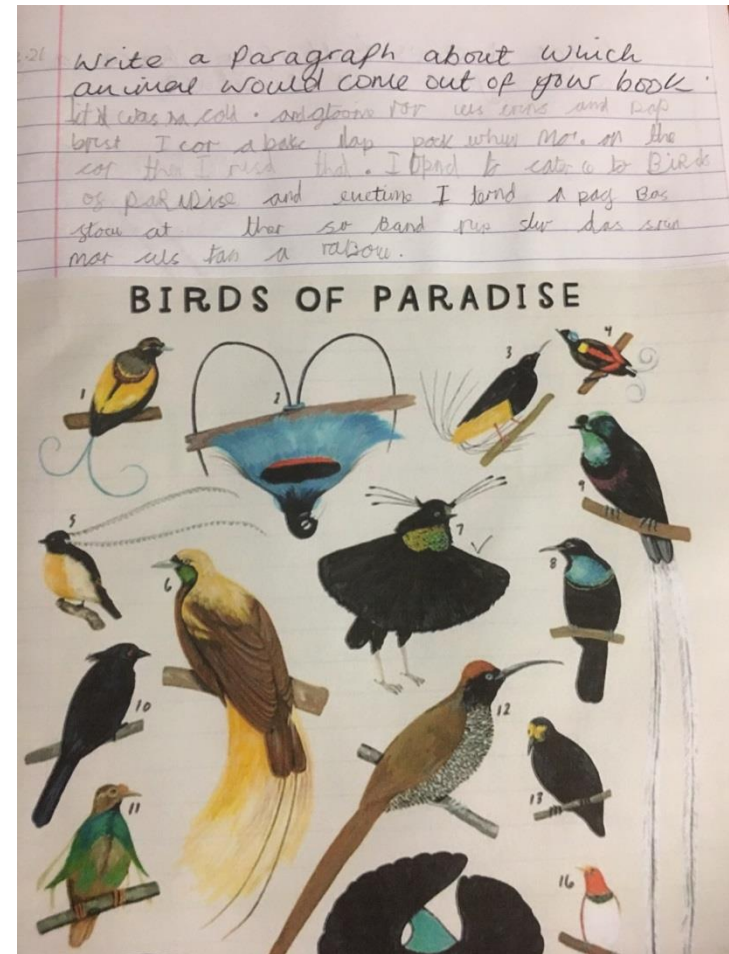

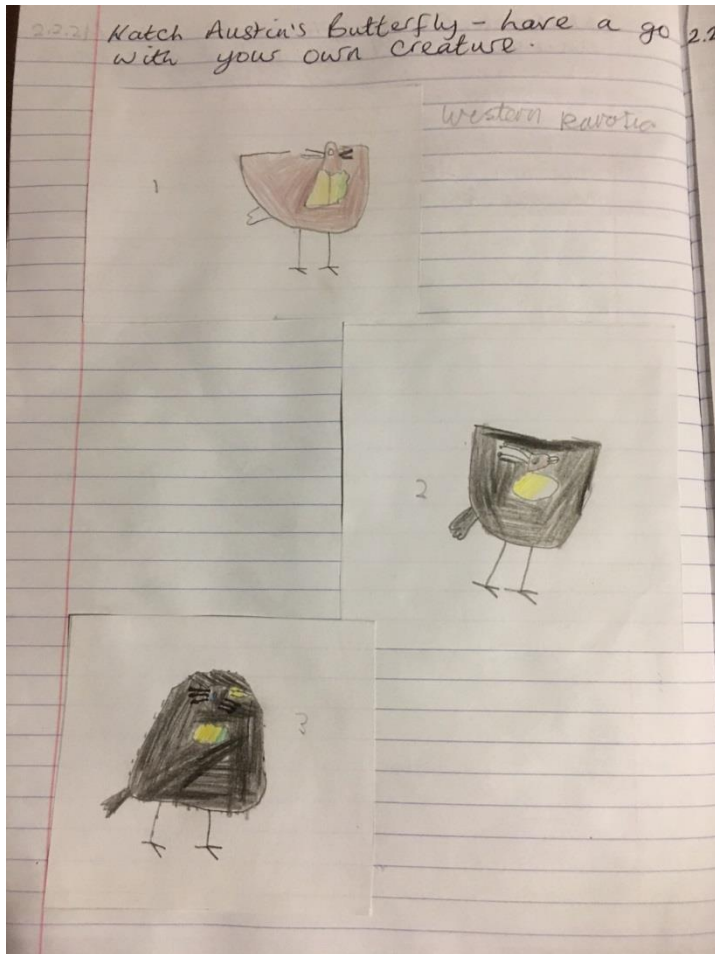

The clock tower

I stared out of the clock tower window imagining what it would be like to roam about the town without turning it grey. It took me awhile to realise that I wasn't dancing I needed to dance because if I stop the whole town will freeze and then turn my least favourite colour. I get my best ideas while dancing so maybe just maybe I can figure out how to escape.

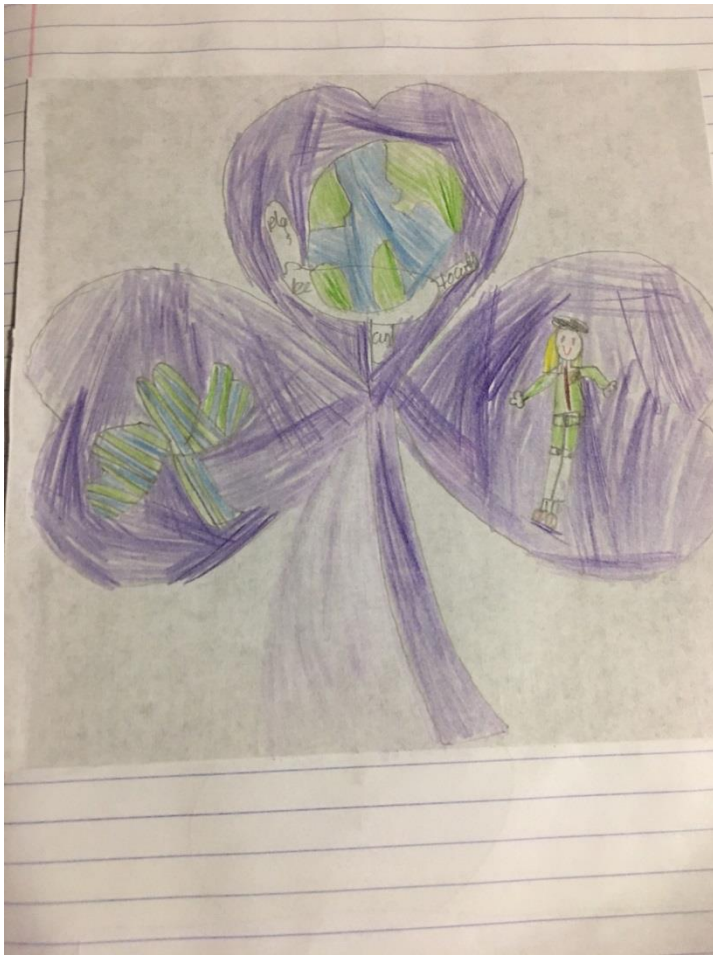

I racked my brain to try and think of a plan. I don't know how I'm supposed to escape, I'm cursed to stay here for all eternity. Finally I had a plan! I would take the egg off the egg on my dress then fix it in between the other eggs and then I could escape! I really wanted to see the town down below in colour and walk on the grass and drink water like a normal person. But I'm not normal. I will put my plan into action tomorrow morning and hope for the best.

The next morning I waited eagerly to try it, but I got once again I got distracted by the window and then I thought I could just go down there myself. I started my plan by slipping the egg off my dress and then fixing it in place between the other eggs. I can't believe I have never thought of this! I ran down stairs hoping it had worked. And it had, I am no longer

I work up and look out of my window and see snow, cold and they wear like giant feet. I run don stop and put warm slugs on when I stepped out of the hat and microphone and a rock of snow, then I got Bird got pie and dug as well.

I went along and made a snow man, snow and snow ball girls entered in the snowed low yellow trees.
