

Emil's research on the home guard – and his mountain work

Davi and Jasper

- Davi has been busy writing and practising his spellings 😊
- Jasper has been as busy as ever – this week he completed lots of maths work 😊
- I am sorry but I couldn't save the documents individually to put into this PP.

Lucy's evacuee report and home guard research

19/12/41
Dear Mrs Carey,
My name is Mr Reynolds and I'm ^{looking} after David. I am writing to you to talk about David and how he is settling in very well. He loves it here on the farm and he is very careful with all of the ^{farm} animals. He also is also amazing with my dog Jip.

I think David and his friend love ~~stays~~ the Devon countryside because there ~~are~~ always out.

~~Their~~ Their behaviour has been very normal for a child, your very lucky to have a son like that. At school I think their finding it a bit hard because none of their friends go there and that their not used to girls being there, but other than that everything is fine.

Best wishes
Mr Reynolds.

Join The Home Guard

Join now! All men aged 17-65 come and join us.
You have to know how to use a gun.

You will be given a shotgun or a hunting rifle or a different weapon. Such as a golf club.

You will be taught simple German phrases, and how to say them.

You will still be allowed to do your regular job as well as be in the home guard.

You will wear uniform and you will carry around weapons.

Lucy's mountain research and art inspired by Monet

0. Use the information you have learned, books and online resources to write a paragraph to answer the question.

What is a mountain?

A Mountain is a raised part of the Earth's surface that is way higher than a hill. The highest point of a mountain is either called a peak or a summit. The base of a mountain is different to the top peak or summit because the base meets flat or gently sloping land. Some mountains have snow likes.
