The Greatest Library 2-Question Time The library is disperent to a normal library because it is outside and it looks magical because the books are gloating. My garacte types of books and murder basks Is I could be any character I would be Hagrid grown Harry Potter because he is my form Ig I were to borrow every single book grown a local library it would still be alibrary because I would have to rotern them. .In my opinion, what makes a good book is an adventure.
