

Class 2 - London

4.3.21

Class 2 have been researching facts
about London.

London - Jack

I have been to London many times.

I have been to the Science and History Museums, the Postal Museum. At the postal museum we got to go on a mail train that was tiny.

For my fifth birthday myself and my family stayed at a hotel in London for a few days and we got to visit and see lots of places.

I got to go in the drivers cab of a London Underground train, I got to sound the horn. It was very exciting going through the tunnels in the dark.

I went on an open top bus, we saw the Houses of Parliament, Downing Street, Nelsons Column, Buckingham Palace, it drove over Tower Bridge (we also walked on this). As well as lots of other sites.

We saw Monument and Pudding Lane.

We went to the Sky Garden at the top of the Walkie Talkie building.

We took a boat on the Thames to Greenwich and saw the Cutty Sark, I got to go on racing horses and a carousel.

I went on HMS Belfast, walked along the South Bank (watched the skateboarders doing stunts under the arches) jumped in and out of the water fountains, watched street entertainers in Covent Garden (the juggler was my favourite) and went to the London Transport Museum.

We went to Borough Market for some delicious food as well as many other places.

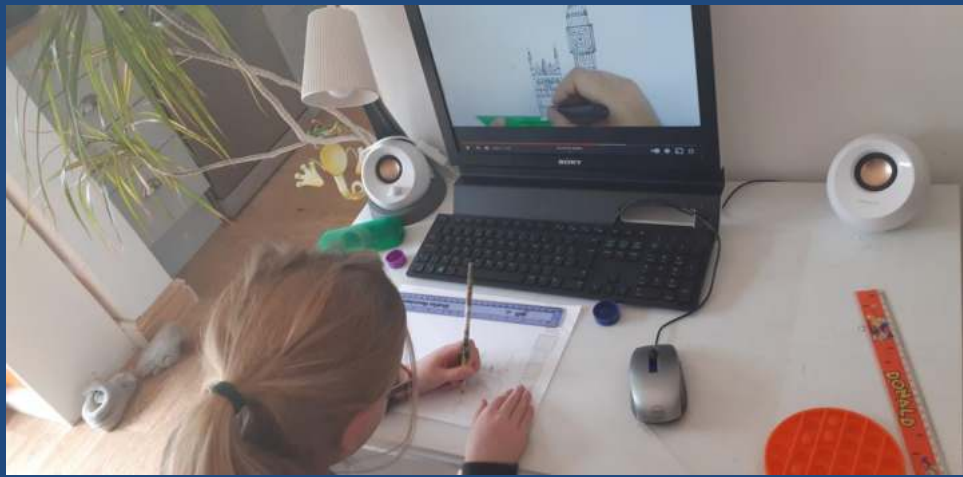

Just before lockdown last year I went to see the Lion King at the Lyceum Theatre in London it was amazing and very funny.

I love London and can't wait to go back when lockdown is over.

Clara's model of a London Bus...

...and a train drawn by Sam.

Evelyn has followed instructions on-line to produce this picture of Big Ben!

Bethany has painted some well-known London landmarks. How many can you name?
