

Dear Y2 parents/carers,

Literacy

For Literacy I would like you to carry on with your story based on the picture sequence we looked at last week (attached). Please create 2-3 sentences per picture, these should be focussed on what you can see in the images and the story should flow and make sense! Remember our non-negotiables too!

Once you are happy with your story (make sure you edit and improve it) have a look at the video below and have a go at making your own booklet. Then have a go at writing it up.

[How to Make a 6-page Booklet - Bing video](#)

Maths

Please find attached worksheets and answers for today's Maths lesson. Here is a link to the video

lesson. [Spr2.12.2 - Find three quarters on Vimeo](#)

Alternatively, any practical activities involving fractions ($\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{3}$) would be helpful!

Best wishes,

Romiley Whitworth
