

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview 2022/2023

Detail	Data
School name	Tetsworth Primary School
Number of pupils in school	65 (exc nursery)
Proportion (%) of pupil premium eligible pupils	20%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021/2022 2022/2023 2023/2024
Date this statement was published	December 2021
Date on which it was reviewed and updated	December 2022
Date on which it will be reviewed	December 2023
Statement authorised by	Paul Hankey, Executive Headteacher
Pupil premium lead	Anna Bowden Headteacher
Governor	Rosie Bowling

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year (2022/2023 including funding for Children We Care For)	£25,900
Recovery premium funding allocation this academic year	£2,175
School Led Tutoring	£1,288.50
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£29,363.50

Part A: Pupil premium strategy plan

Statement of intent

Our intention at Tetsworth Primary School is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already higher attaining pupils.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and are young carers. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our approach will be responsive to common challenges and individual needs, rooted in robust assessments, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many of our disadvantaged pupils. These can be seen from Reception through to KS2 and in general, are more prevalent among our disadvantaged pupils than their peers. Limited speech and language skills will impact upon learning to read

	and write and to explain their thinking across the curriculum.
2	Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics than their peers. This negatively impacts their development as readers and writers.
3	Internal assessment data and comparisons with the Local Authority and Juniper Benchmarking Report indicates that Reading, Writing and Maths combined attainment among disadvantaged pupils is below that of non-disadvantaged pupils in Years 1 and 2.
4	Internal assessment data and comparisons with the Local Authority and Juniper Benchmarking Report indicates that Writing attainment among disadvantaged pupils is below that of non-disadvantaged pupils.
5	Our assessments and data comparisons have shown that disadvantaged pupils are falling below or only just making the expected standard for Maths and that across the school they are underperforming as a group compared to non-disadvantaged pupils.
6	Our assessments and observations indicate that the education and well-being of many of our disadvantaged pupils have been impacted by partial school closures to a greater extent than for other pupils. These findings are supported by national studies. Teacher referrals for support have markedly increased during the pandemic. 66% of our pupil premium pupils currently require additional support with social and emotional needs.
7	Our attendance records show that 22% of our pupil premium pupils have poorer attendance compared to our non-pupil premium pupils.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved oral language skills and vocabulary among disadvantaged pupils.	Assessments and observations indicate significantly improved oral language among disadvantaged pupils. Other sources of evidence will include engagement in lessons, book scrutiny and ongoing formative assessment.
Improved phonic screening attainment among disadvantaged pupils.	Phonic outcomes in 2024/25 show that more than 75% of disadvantaged pupils met the expected standard.
Improved maths attainment for disadvantaged pupils at the end of KS2.	KS2 maths outcomes in 2024/25 show that more than 80% of disadvantaged pupils met the expected standard.
Improved reading	KS2 reading outcomes in 2024/25 show that more than 80%

attainment for disadvantaged pupils at the end of KS2.	of disadvantaged pupils met the expected standard.
Improved writing attainment for disadvantaged pupils at the end of KS2.	KS2 writing outcomes in 2024/25 show that more than 80% of disadvantaged pupils met the expected standard.
To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.	<p>Sustained high levels of wellbeing from 2024/25 demonstrated by:</p> <ul style="list-style-type: none"> • qualitative data from student voice, student and parent surveys and teacher observations • a continued downward trend in bullying • a significant increase in participation in enrichment/extracurricular activities, particularly among disadvantaged pupils
To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.	<p>Sustained high attendance from 2024/25 demonstrated by:</p> <ul style="list-style-type: none"> • the overall absence rate for all pupils being no more than 3%, and the attendance gap between disadvantaged pupils and their non-disadvantaged peers being reduced by 2%. • the percentage of all pupils who are persistently absent being below 2% and the figure among disadvantaged pupils being no more than 2% lower than their peers.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £13,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Marking and feedback bespoke follow-up training with outside consultant.</p> <p>CPD time for teachers to engage with and enhance practice of quality feedback to improve pupil outcomes.</p>	<p>Providing feedback is a well-evidenced and has a high impact on learning outcomes. Effective feedback tends to focus on the task, subject and self-regulation strategies: it provides specific information on how to improve.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/feedback</p>	<p>2,3,4,5</p>
<p>Embedding dialogic activities across the school curriculum. These can support pupils to articulate key ideas, consolidate understanding and extend vocabulary.</p> <p>We will purchase resources and fund ongoing teacher training and release time.</p>	<p>There is a strong evidence base that suggests oral language interventions, including dialogic activities such as high-quality classroom discussion, are inexpensive to implement with high impacts on reading:</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/oral-language-interventions</p>	<p>1,2,3,4,5</p>
<p>Embedding Kagan Cooperative Learning Strategies across the school curriculum to increase participation, peer mentoring, learning and support.</p> <p>We will purchase resources to aid Kagan structures and provide further CPD with the Deputy Head leading training.</p>	<p>Research shows that collaborative approaches to learning have a positive impact on learners. Learners work together on a shared outcome using the strengths of individuals to create a productive and resourceful approach to learning.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/collaborative-learning-approaches</p> <p>https://www.kaganonline.com/what_is_kagan/</p>	<p>1,3,4,5,6</p>

<p>Senior and Middle Management release time for monitoring and tracking phonics, observing and supporting teaching of phonics.</p> <p>We will purchase resources to support our phonic programme and provide training to new members of staff.</p>	<p>Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading (though not necessarily comprehension), particularly for disadvantaged pupils:</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics</p>	<p>2</p>
<p>Further enhancement of our maths teaching and curriculum planning in line with DfE and EEF guidance.</p> <p>We will fund teacher release time to embed key elements of planning for challenge and differentiation.</p> <p>Middle leader time will be used for book scrutiny and to monitor progress of children as well as training of staff based on EEF evidence of good practice.</p>	<p>The DfE non-statutory guidance has been produced in conjunction with the National Centre for Excellence in the</p> <p>The EEF guidance is based on a range of the best available evidence:</p> <p>https://educationendowmentfoundation.org.uk/public/files/Publications/Maths/KS2_KS3_Maths_Guidance_2017.pdf</p>	<p>3,5</p>
<p>Nurture Groups to be set up to support pupils well – being</p>	<p>Social and emotional learning approaches have a positive impact, on average, of 4 months' additional progress in academic outcomes over the course of an academic year. There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and in later life (e.g., improved academic performance, attitudes, behaviour and relationships with peers):</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/social-and-emotional-learning</p>	<p>6</p>
<p>Teacher with Forest School experience to develop this learning experience with EYFS pupils initially and then to cascade across the school over the next 3 Years.</p>	<p>Studies show that outdoor learning has a positive impact on outcomes in terms of self-efficacy, motivation and teamwork. A forest school environment and ethos helps children to develop the strength and resilience needed to</p>	<p>6</p>

	<p>cope with emotional difficulties. Children taking part in forest school sessions quickly show evidence of a greater emotional maturity.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/outdoor-adventure-learning</p>	
<p>Increased TA support EYFS and K.S.1 classes to support oracy programmes and pastoral support for most vulnerable.</p>	<p>When deployed correctly, TAs have a large positive impact on the outcomes of learners.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/teaching-assistant-interventions</p>	1,2,3,6

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £10,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Training and resources to improve listening, narrative and vocabulary skills for disadvantaged pupils who have relatively low spoken language skills.</p>	<p>Oral language interventions can have a positive impact on pupils' language skills. Approaches that focus on speaking, listening and a combination of the two show positive impacts on attainment:</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/oral-language-interventions</p>	1,3,4
<p>Tutoring groups to be run by teacher and T.As to focus on maths and reading fluency and comprehension skills.</p>	<p>Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind:</p> <p>And in small groups:</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition</p>	3,4,5
<p>Additional T.A. support in EYFS to help pupil premium children</p>	<p>Small group tuition has an average impact of four months' additional progress over the</p>	1,2,6

achieve early learning goals	course of a year. https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition	
------------------------------	--	--

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £6,363.50

Activity	Evidence that supports this approach	Challenge number(s) addressed
Whole staff training on Zones of Regulation with the aim of developing our school ethos, improving behaviour across school by helping children to recognise and regulate their emotions and develop strategies when this is hard to do.	Both targeted interventions and universal approaches can have positive overall effects: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/behaviour-interventions Zones of Regulation: https://www.zonesofregulation.com/index.html EEF Social and Emotional Learning (SEL): https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/social-and-emotional-learning	6
Embedding principles of good practice set out in the DfE's Improving School Attendance advice. This will involve training and release time for staff to develop and implement new procedures and appointing attendance/support officers to improve attendance.	The DfE guidance has been informed by engagement with schools that have significantly reduced levels of absence and persistent absence.	7
To help support independence and resilience the school pays for PP children to attend residential trip and day trips where necessary	Learning outside of the classroom brings the benefits of formal and informal education together and reinforces that the most meaningful learning occurs	6

Financial support for extra-curricular clubs, ranging from sport to cookery.	through acquiring knowledge and skills through real-life, practical or hands-on activities. https://www.lotc.org.uk/what-where-why/why/	
1:1 and or group nurture sessions working on specific social and emotional issues with SENCO T.A.	The average impact of successful SEL interventions is an additional four months' progress over the course of a year. Alongside academic outcomes, SEL interventions have an identifiable and valuable impact on attitudes to learning and social relationships in school. EEF Social and Emotional Learning (SEL): https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/social-and-emotional-learning	6
Overtime payments for TAs to attend training	The average impact of the deployment of teaching assistants is about an additional four months' progress over the course of a year. Where teaching assistants deliver targeted interventions to individual pupils or small groups, on average show moderate positive benefits. https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/teaching-assistant-interventions	All
Contingency fund for acute issues.	Based on our experiences and those of similar schools to ours, we have identified a need to set a small amount of funding aside to respond quickly to needs that have not yet been identified.	All

Total budgeted cost: £29,363.50

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Our internal assessments during 2021/22 continue to suggest that the performance of disadvantaged pupils remains lower than non-disadvantaged pupils in the core subjects. However, intervention work aimed at our End of Key Stage One and Two pupils did result in good progress for this group of pupils, with the gap narrowing for writing and maths. This will continue to remain a focus during 2022/2023.

Diminishing Differences Report Y2, Y3, Y4, Y5, Y6, Y7 - All Pupils (57 pupils)

57 pupils		Missing Assessment	On Track or Higher	
Reading	No. (%)	No. (%)	Aut2 21-22	Sum2 21-22
Pupil Premium	6 (10.5%)	0 (0%)	83.3%	83.3%
Not Pupil Premium	51 (89.5%)	3 (5.9%)	83.3%	91.7%
Difference (change in difference):			0.0	8.4 (8.4)

57 pupils		Missing Assessment	On Track or Higher	
Writing	No. (%)	No. (%)	Aut2 21-22	Sum2 21-22
Pupil Premium	6 (10.5%)	0 (0%)	50.0%	66.7%
Not Pupil Premium	51 (89.5%)	3 (5.9%)	85.4%	93.8%
Difference (change in difference):			35.4	27.1 (-8.3)

57 pupils		Missing Assessment	On Track or Higher	
Mathematics	No. (%)	No. (%)	Aut2 21-22	Sum2 21-22
Pupil Premium	6 (10.5%)	0 (0%)	50.0%	66.7%

Difference (change in difference):			39.6	29.1 (-10.5)

Difference Key: Widening Narrowing Unchanged

Our assessments and observations continue to evidence the impact of the pandemic on pupils' well-being and mental health, with more pupils requiring support/counselling to address self-esteem issues. Our approach has been to provide focused training for all staff in recognising the impact of trauma and how to mitigate it for all pupils alongside targeted 1:1 counselling where needed. We have valued the support from parents where more individual counselling has been needed.

In addition, funding was used to enable a change in to our school structure to provide greater stability and consistency in teaching ethos and strategies across the school. We noted an-uplift in engagement and work stamina as a result of this. It is our intention to maintain this new structure in the future.

In 2021/2022 we have begun to re-establish stronger training links across the John Hampden and Tetsworth Schools' Federation benefitting staff as well as pupils. Going forward this will be a driving force for work begun on Marking and Feedback, planning

and initiatives such as Zones of regulation.

Further information

Additional activity

Our pupil premium strategy will be supplemented by additional activity that is not being funded by pupil premium or recovery premium. That will include:

- embedding more effective practice around feedback. [EEF evidence](#) demonstrates this has significant benefits for pupils, particularly disadvantaged pupils.
- Across the JHS and TPS Federated Schools to utilise the [DfE grant to train a senior mental health lead](#). The training we have selected will focus on the training needs identified through the online tool: to develop our understanding of our pupils' needs, give pupils a voice in how we address wellbeing, and support more effective collaboration with parents.
- offering a wide range of high-quality extracurricular activities to boost wellbeing, behaviour, attendance, and aspiration. Activities will focus on building life skills such as confidence, resilience, and socialising. Disadvantaged pupils will be encouraged and supported to participate.

Planning, implementation, and evaluation

In planning our new pupil premium strategy, we evaluated why activity undertaken in previous years had not had the degree of impact that we had expected.

We triangulated evidence from multiple sources of data including assessments, engagement in class book scrutiny, conversations with students and teachers in order to identify the challenges faced by disadvantaged pupils. We also used the EEF's families of schools database to view the performance of disadvantaged pupils in schools similar to ours and contacted schools within our Partnership of Schools to learn from their approach to disadvantaged pupils.

We looked at a number of reports, studies and research papers about effective use of pupil premium, the impact of disadvantage on education outcomes and how to address challenges to learning presented by socio-economic disadvantage. We also looked at studies about the impact of the pandemic on disadvantaged pupils.

We used the [EEF's implementation guidance](#) to help us develop our strategy, particularly the 'explore' phase to help us diagnose specific pupil needs and work out which activities and approaches are likely to work in our school. We will continue to use it through the implementation of activities.

We have put a robust evaluation framework in place for the duration of our three-year approach and will adjust our plan over time to secure better outcomes for pupils.
